Seth Gyaniram Bansidhar Poddar College, Nawalgarh initially has Mahatma Gandhi as the first Chairman Trustee. The College is one of the finest institutions in the Shekawati region. Growing from the past of a Brahmacharya Ashram, the college has developed a lot according to the needs of the modern world. The aim with which the college was established is to educate the population and uplift them by the morals of education. The college has initially received donations from Shri Anandilalji Poddar. His wish was to educate the society he was brought up so that more people can have their dreams come true. The college established in the pre-independent era of the country has gone through a lot of changes, and now holds the respect of being one of the best. This is the first college in the pre-independent state of Jaipur.

The College has a well-equipped library. With over 75,000 books and more than enough journals and magazines, the college provides the students freedom to know what they wish. Yearbooks, rare collections are also a part of the vast library.

All science departments have their individual labs. Students are given training in these labs so as to better their understanding of the subject.

SKILL DEVELOPMENT  
PROGRAM ON PATENTING  
12<sup>th</sup> & 13 AUGUST, 2019

Seth Gyaniram Bansidhar Poddar College, Nawalgarh initially has Mahatma Gandhi as the first Chairman Trustee. The College is one of the finest institutions in the Shekhawati region. Growing from the past of a Brahmacharya Ashram, the college has developed a lot according to the needs of the modern world. The aim with which the college was established is to educate the population and uplift them by the morals of education. The college has initially received donations from Shri Anandilalji Poddar. His wish was to educate the society he was brought up so that more people can have their dreams come true. The college established in the pre-independent era of the country has gone through a lot of changes, and now holds the respect of being one of the best. This is the first college in the pre-independent state of Jaipur. The College has a well-equipped library. With over 75,000 books and more than enough journals and magazines, the college provides the students freedom to know what they wish. Yearbooks, rare collections are also a part of the vast library. All science departments have their individual labs. Students are given training in these labs so as to better their understanding of the subject.

## Event Details

India has become a member of the global patent regime but awareness and expertise on the subject of Intellectual property Rights (IPR) in the academic institutions is still inadequate. To apply for registration of IP, the college students are required to observe confidentiality in relation to such information though as a university the purpose is to disseminate of information and the building of the research base. Maintenance of a proper balance and fine tuning of academic excellence with academic integrity and protection and exploitation of intellectual property rights is becoming very important for the universities. In the current scenario the aggressive and targeted creation of intellectual property is the need of the hour. Protection of IPR and its commercialization propagates innovative culture, profitability, market leadership and helps creation of wealth for the individual and eventually the Nation. For that IPR awareness is required which is significant for fruitful growth of the Intellectual property rights (IPRs). In view of above a one day awareness workshop on "IPR, Patents and Patentability Assessment", has been conducted at Podar College on 8 October 2019 by the ABST department.

Participation was very encouraging from various stream of colleges students in the workshop. There were 55 enthusiastic participants in all including 25 faculty from colleges, 50 from students who participated in the day long deliberations of the workshop on IPR. The programme included talks on importance of IPRs and their protection, Patenting procedures and patent informatics, patent searches, role of innovation and invention in the academia-industry collaborations, trademark and copyright protection, issues of do's and don'ts for a researcher in the context of publishing and patenting. As resource person Dr Anil Sharma Associate Prof from Motilal college, Jhunjhunu who gave a very interesting interactive talk on Copyright protection and infringement, do's and don'ts to avoid infringement and Plagiarism.

## Event Description:

Event Description: In today's globally competitive environment, intellectual property has placed itself on a pedestal in the context of economic growth and is becoming increasingly important. Intellectual Property (IP) is the fuel that powers the engine of prosperity, fostering invention and innovation. The increasing significance of intangible assets in the global- economy is forcing business organizations to actively manage their IP as a key driver for building and sustaining their competitive advantage and achieving superior performance. IP has gained center stage and has attained more focus, more attention and is a subject matter of discussion between government, institutions, industries under various regimes and protocol that are put in place to ensure that the world in which we live, where knowledge and innovation are the engines of development and growth. In that world, those who have the creative minds and ability should feel assured that not only their efforts have been duly recognized but it is secured in a specified manner. ## Event Description:

This workshop how to manage and IPR portfolio aimed to managing a business knows the importance of maximizing the return on investments in employees, products, and equipment. But it's easy to overlook an important asset: a company's intellectual property (IP), or all the intangible knowledge that makes your company tick. We're not just talking patents and copyrights here; intellectual assets go well beyond the technology that gets baked into products to include branding, know-how, trade secrets, and more.

## Details of Resource Person:

Dr J P Kadwasara is a skilled and professional educator with 15 years of experience in teaching, training and administration. And trained psychologist with an ability to distinguish aspects of human behavior and performance: individual differences in ability, personality, and interests; learning and motivation; psychological research methods; and assessment and treatment of behavioral and affective disorders. She is a hardworking and an effective team leader with the ability to understand the changing needs of the students & management and act accordingly. Her current job and academic projects undertaken have helped harness time management, team work, team building and effective co-ordination skills.

Seth Gyaniram Bansidhar Poddar College, Nawalgarh initially has Mahatma Gandhi as the first Chairman Trustee. The College is one of the finest institutions in the Shekawati region. Growing from the past of a Brahmacharya Ashram, the college has developed a lot according to the needs of the modern world. The aim with which the college was established is to educate the population and uplift them by the morals of education. The college has initially received donations from Shri Anandilalji Poddar. His wish was to educate the society he was brought up so that more people can have their dreams come true. The college established in the pre-independent era of the country has gone through a lot of changes, and now holds the respect of being one of the best. This is the first college in the pre-independent state of Jaipur.

The College has a well-equipped library. With over 75,000 books and more than enough journals and magazines, the college provides the students freedom to know what they wish. Yearbooks, rare collections are also a part of the vast library.

All science departments have their individual labs. Students are given training in these labs so as to better their understanding of the subject.
