Subject: Regarding constitution of Research and Development Cell for Innovative work for students

Dear Sir,

As we all know Research and innovations are needed in current education system. So as per recommendation of The Anandilal Podar Trust, Nawalgarh (Jhunjhunu) Rajasthan we constituted a Research and Development Cell for future Scientific work for students with faculty. Functions of this cell will be:

- Creating research culture among faculty members and students.
- Motivate to undertake minor and major research projects from various funding agencies.
- Identification and assisting for finance from Management as well as funding agencies like UGC, DST etc.
- Guidance for publication of research papers and articles in reputed Journals.

Research and Development Committee:

1. Dr Satyendra Singh, Principal (Convener)
2. Dr. K.B Sharma, Dean Science (Coordinator)
3. All HOD'S (Members)

Dr

Output data of sensor is applied to a current amplifier circuit and feed to a low power DC motor. We have made current amplifier by using a general purpose NPN transistor. I have used BC548 as shown in the circuit diagram. If you are using other NPN transistor, then make sure about pin configuration. Transistor will start conducting when base voltage reaches to 0.40 V (40 Degree). You will see fan start to rotate and at 0.60V (60 degree) it will be at full speed. At this voltage transistor is fully conducted means resistance is low .

Automatic Street Light

Introduction:

Needs project we have used four L.E.D as a symbol of street lamp, but for high power switching one can connect Relay (electromagnetic switch) at the output of pin 3 of I.C 555 that will make easy to turn ON/OFF any electrical no manual operation for switching ON and OFF. When there is a need of light it automatically switches ON. When darkness rises to a certain level then sensor circuit gets activated and switches ON and when there is other source of light i.e. daytime, the street light gets OFF. The sensitiveness of the street light can also be adjusted. In our appliances that are connected through relay.

SETH GYANIRAM BANSIDHAR PODAR COLLEGE

Podar Educational Campus, Nawalgarh - 333042 (Raj.)

Principle:

This circuit uses a popular timer I.C 555. I.C 555 is connected as comparator with pin-6 connected with positive rail, the output goes high(1) when the trigger pin 2 is at lower than $1/3$ rd level of the supply voltage. Conversely the output goes low (0) when it is above $1/3$ rd level. So small change in the voltage of pin-2 is enough to change the level of output (pin-3) from 1 to 0 and 0 to 1. The output has only two states high and low and can not remain in any intermediate stage. It is powered by a 6V battery for portable use. The circuit is economic in power consumption. Pin 4, 6 and 8 is connected to the positive supply and pin 1 is grounded. To detect the present of an object we have used LDR and a source of light. LDR is a special type of resistance whose value depends on the brightness of the light which is falling on it. It has resistance of about 1 mega ohm when in total darkness, but a resistance of only about 5k ohms when brightness illuminated. It responds to a large part of light spectrum. We have made a potential divider circuit with LDR and 100K variable resistance connected in series. We know that voltage is

directly proportional to conductance so more voltage we will get from this divider when LDR is getting light and low voltage in darkness. This divided voltage is given to pin 2 of IC 555. Variable resistance is so adjusted that it crosses potential of $1/3$ rd in brightness and fall below $1/3$ rd in darkness. Sensitiveness can be adjusted by this variable resistance. As soon as LDR gets dark the voltage of pin 2 drops $1/3$ rd of the supply voltage and pin 3 gets high and LED or buzzer which is connected to the output gets activated.

Transistor as a switch

Solid state materials can be grouped in to 3 classes:- Insulators, Conductors and Semiconductors. Semiconductor material is neither conductor nor insulator. It has conductivity between conductors and insulators and is sensitive to temperature, illumination, magnetic field and minute amount of impurity atoms. This type of sensitive material for controlling or switching current is very much required in modern age. Today electronics device means present of semiconductor devices.

Semiconductor Devices are the foundation of electronics industry. For advance courses in electronics it is necessary to have basic knowledge of Semiconductor device. A common semiconductor device is a Transistor.

Aim of this project is to determine characteristic of a NPN transistor by varying base voltage and detect Cut-off Region and Saturation Region.

We have used a potentiometer for varying Base voltage. After assembling the circuit use a digital multimeter and scale mark the voltage. You can also attach a multimeter permanently. A low power indicator such as LED is used for detection of conductance of transistor. LED is connected

to power supply through collector of transistor so that when transistor is conducted then circuit will be complete and led glows.

After making the project. Place the battery and start rotating nobe of POT. You will see LED starts glowing after reaching .5V and at .7V it will light Dark. Thus you can mark cut off region (fully off) and Saturation Voltage (full dark). Most of the transistor will conduct from .5 to .7 Volt. This type of circuit is commonly used in voltage stabilizer for high voltage cut off. A relay is placed at LED connection.

Rain Alarm

GIVES BEEP WHEN WATER IS IN CONTACT WITH THE WIRE

Rain Alarm Project

Here is an interesting electronics project to detect if there is raining or not. Same circuit can also be used as water level indicator or as a tank overflow indicator.

Working: Water is a conductor of electricity. When water is in contact with the probe then there is a flow of current toward the base of NPN transistor (BC548), which conducts. With the conduction of NPN transistor, electron reaches to Q2, which is a PNP transistor. PNP transistor (BC558) also conducts and current flows through the speaker. In a speaker there is inductive coil which causes motion in one direction and after that produces induce current, which is in opposite direction to the flow of current this induced current in the form of pulse, flows through a capacitor, resistance and makes 1st transistor BC548 off for an inter-well and after-that it relaxes to previous state. This process repeats again and

Smart Walking Stick for Blind And Old Aged People

A foot stick based totally on ultrasonic sensors and Arduino for visually impaired human beings. People with seen disabilities are often relying on outdoor help which may be provided with the beneficial resource of people, educated puppies, or unique virtual gadgets as assist structures for desire making. Thus, we had been endorsed to growth a clever white cane to overcome the ones boundaries. We finished this cause with the beneficial useful resource of the use of adding ultrasonic sensors at particular positions to the cane that supplied statistics about the surroundings to the customer via the usage of manner of activating the buzzer sound.

To,

The Principal,

Seth G. B. Podar College, Nawalgarh.

Subject: Regarding Sanction for Seminar

Respected Sir,

With reference to our meeting held in your office regarding organizing Seminars for the students of PIMS (BBA and BCA).

A seminar will be organized on the 11th March, 2022. The topic of the seminar is “Entrepreneurship” and will be delivered by Prof. Narendra Saini (Professor, Seth G. B. Podar College, and Nawalgarh).

The Seminar will be held in the PIMS department auditorium from 10:40 am to 11:40 pm.

Considering the above please provide the sanction to conduct the seminar.

Regards,

HOD PIMS

Principal

2. IQAC, Podar College
3. PIMS Department
4. Notice Board

Introduction:

Entrepreneurs are people that observe opportunities and take the initiative to prepare resources to make new goods and services.

Objectives:

1. To develop and strengthen the quality of entrepreneurship.
2. To removing unemployment.
3. To enhance industrial development.
4. To understand the process and procedure involved in setting up small units.
5. To know the sources of help and support available for starting a small-scale industry.
6. To acquire the necessary managerial skill required to run the industrial unit.
7. To helping the person to understand environmental changes and opportunities.

Steps for Successful Growth of Entrepreneurship:

1. Determination of Objective:

When we start a business, first determine the objectives. After determining the objectives, the process of accomplishment is to be decided. The objectives may be short term or long term.

2. Planning:

Planning is the need of the hour. Planning is important for any business to solve problems and their relative solutions. The success of a business largely depends on proper planning.

Finance:

Finance is the life blood of every business activity. Planning is not possible without Finance.

Appropriate location, layout and size:

The entrepreneur has to be very careful in selecting an appropriate location. The availability of raw material, labour supply, electricity, capital market transport facilities. The business may be large, medium or small. The decision regarding the same is taken by the entrepreneur.

Research facilities:

In present Situation of changing technology & increasing competition, it is necessary to have the right information from the view point of business. An innovative entrepreneur always goes for something new.

Efficient and dynamic leadership:

Leadership is the ability to obtain desired results out of the efforts of a group. The success or failure of a business largely depends on leadership.

About Event:

A Seminar was held under the aegis of PIMS Department at Seth G.B .Podar College, run by The Anandilal Podar Trust, in which Dr. Satyendra singh, Principal, Dr. Vinod Kumar Saini, Vice Principal and all faculty members of PIMS department (Prof. Rajesh Verma , Prof. Narendra Saini, Dr. Uma Soni & Prof. Mukesh Saini) were present in this seminar. Prof. Mukesh Saini started the program to introduce the seminar topic and seminar expert. Speaker of this Seminar, Prof. Narendra Saini (Asst. Professor at Seth .G.B. Podar College, Nawalgarh) shared her excellent knowledge about "Entrepreneurship". Prof. Narendra Saini apprised that Entrepreneurship is the ability to observe the opportunities to support an organization and discuss some points about Successful and Unsuccessful Entrepreneurs:

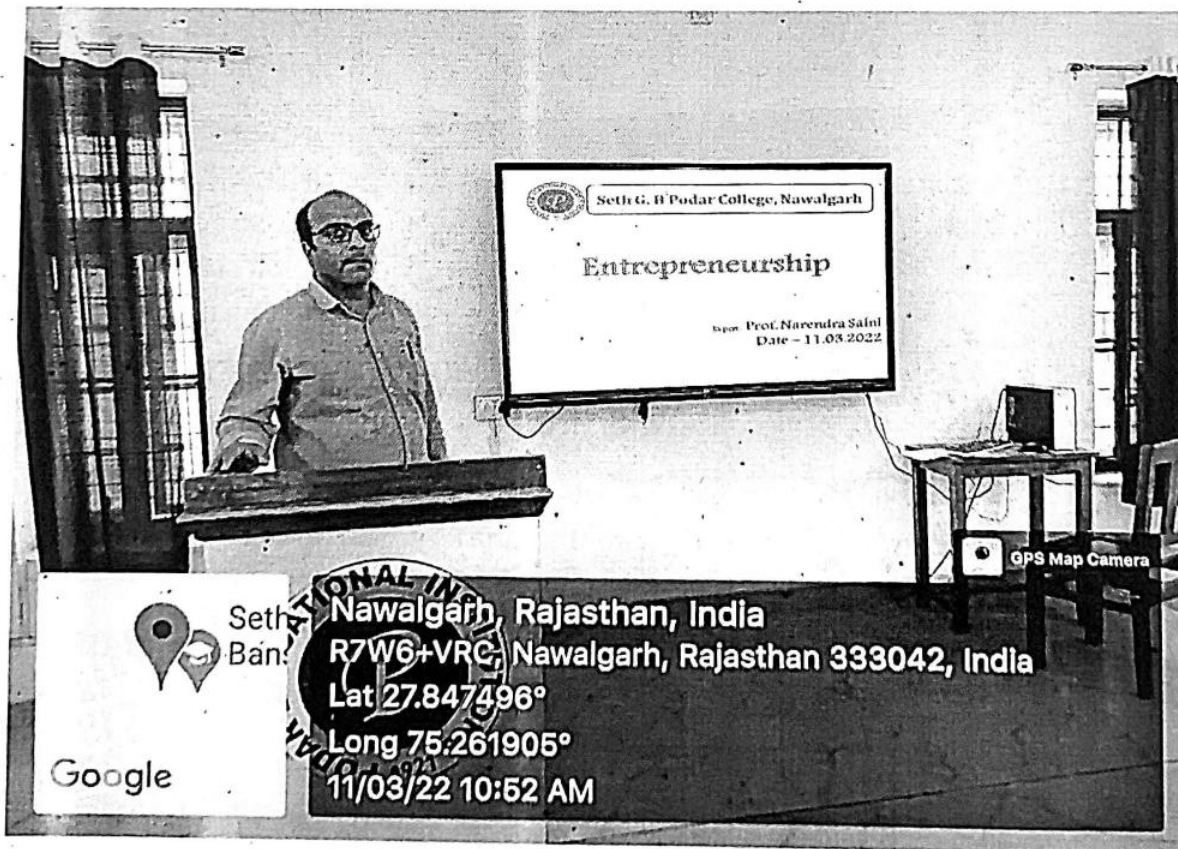

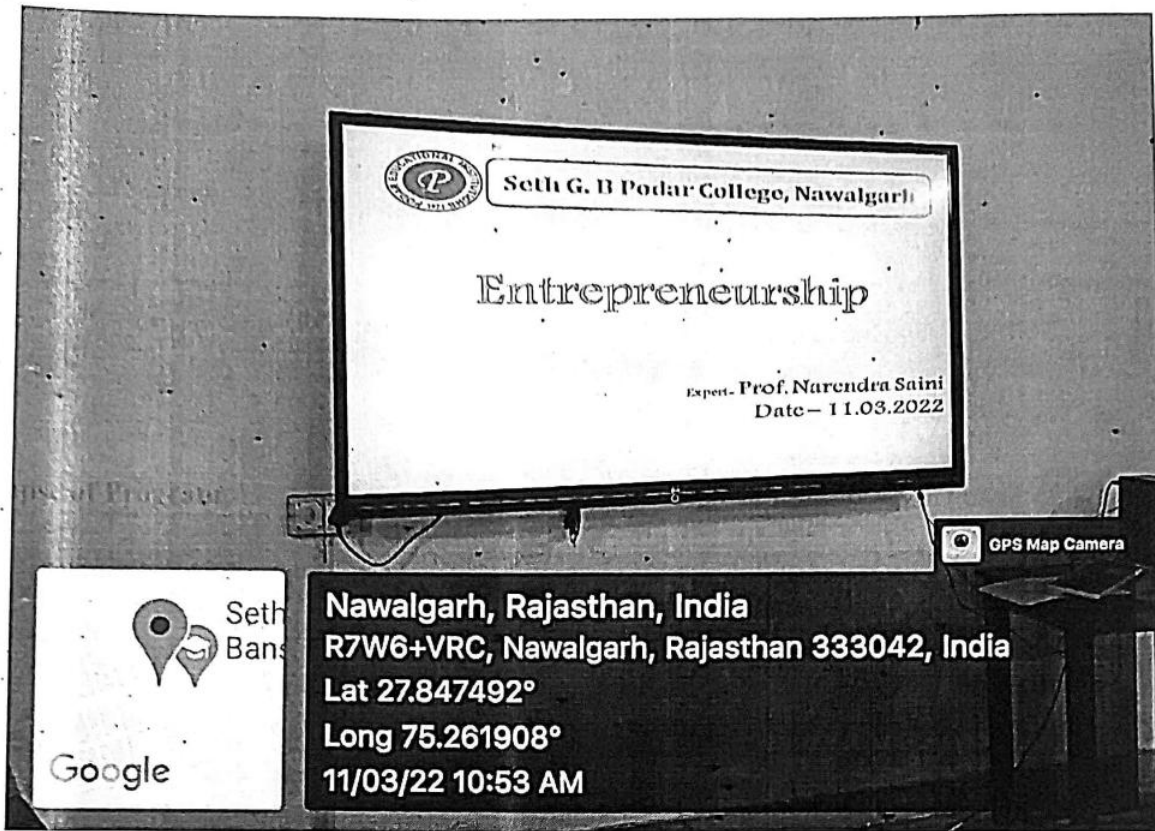

For Successful Entrepreneurs:

- Creative and Innovative
- Position themselves in shifting or new markets
- Create new products
- Create new processes
- Create new delivery

For Unsuccessful Entrepreneurs:

- Poor Managers
- Low work ethic
- Inefficient
- Failure to plan and prepare
- Poor money managers

Mr. Narendra Saini shared Characteristics of Entrepreneurship in an organization. An entrepreneur should have Key Personal Attributes, Strong Managerial Competencies & Good Technical Skills. Ms. Rachna concluded the program with thanks to the Prof. Narendra Saini and said that Entrepreneurship is necessary for an organization to achieve defined objectives.

Report of Expert Lecture Conducted

Date	:	13 th March 2021
Time	:	01:00 PM onwards
Place	:	PIMS, Room No. 41
Resource Person	:	Mr. Hitesh Sharma working with TCS Ahmadabad
Organized by	:	PIMS Faculty
Present	:	Prof. Rakesh Kumar, Dr. Harshit Sharma, Prof. Madhu Saini, Prof. Anil Kumar Chotiya, Prof. Jyoti Khandelwal,
Participants	:	Students of BCA and BBA
Distribution	:	IQAC & Principal Office

Expert Lecture on “Career Counseling”

The objective of this guest lecture is to create awareness among the outgoing students on the steps for success in interviews. The Program was started with invocation followed by brief introduction about the resource person. The session started with the key points for preparation to a successful interview and practice. The suggestions given during lecture sessions are as follows:

1. Self-Evaluation

2. Before the Interview

- a. Research the company
- b. Practice interviews
- c. Dress professionally
- d. Arrive early

3. During the Interview

- a. First impressions (only in 30 seconds)

Principal

Seth G.B. Podar College
Nawalgarh - 333042

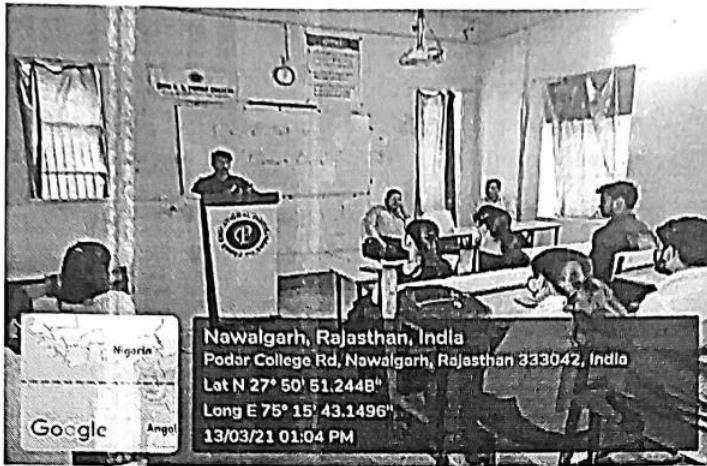

- b. Smile
 - c. Body Language
 - d. Speak clearly
 - e. Listen before answering
 - f. Give brief answers
 - g. Previous employers
 - h. Be truthful
 - i. Know your resume
 - j. Keep things at a professional level
- 4. After the Interview**
- a. Back in touch
 - b. Get everyone's business card
 - c. Thank the interviewer

After this session guidance has been given for **Group Discussion**. The students have shown their interest in interacting with the resource person regarding the common interview questions and positive and negative point in G.D. The lecture sessions were very informative and highly interactive for our final year students. At the end, feedback was taken and the session ended up with vote of thanks delivered by Dr. Harshit Sharma.

Ref.No./GBPC/2021-22/306

Date: - January 07, 2022

To

The Registrar,
Pandit Deendayal Upadhyay Shekhwati University,
Sikar, Rajasthan

Subject: Letter of intent and proposal to start skill course under UGC NSQF scheme

Dear Sir,

We are running UG and PG courses in all the stream of Science, Arts and Commerce under self financing category after grant in aid was stopped by the State Government since July, 2011.

The College has been recognized by UGC under Section 12 B AND 2F.

New education Policy 2020 has already been launched and UGC has proposed to take initiative for apprenticeship/ internship embedded degree program as part of curriculum of general degree program and to facilitate vocational education to enhance employability.

In this context, I feel pleasure to present intent of our College Management to run skill based vocational courses under NSQF scheme of UGC from the session 2022-23.

Thus, we are submitting proposal of the following courses along with their detailed Syllabus, copy of ordinances of UGC for Bachelor of Vocation program, and examination & assessment Regulations for your perusal and observation:

1. B. Voc. in Organic Farming and Organic Products
2. B. Voc. in Ecotourism and Conservation of Cultural Heritage
3. B. Voc. in Nutrition and Health Care
4. B. Voc. in Dairy Technology

I request you kindly to forward the proposal to the Academic Council and Board of Studies for their approval.

I extend thanks in anticipation.

Enclosures: as mentioned above

Satyendra Singh

(UGC under National Skill Quality Framework)

ORDINANCE FOR THE BACHELOR OF VOCATION

Bachelor of Vocation (B. Voc.) is launched under the scheme of University Grants Commission on skill development based higher education leading to Bachelor of Vocation (B. Voc.) Degree with multiple exits as Diploma/Advanced Diploma under the National Skill Qualification framework. The B.Voc. programme incorporate specific job roles and their National Occupational Standards along broad based general education. This course has been started In order to make education relevant and to create 'industry fit' skilled workforce,

B. Voc. programme has been designed as per National Skill Qualification Framework emphasizing on skill based education.

1. IMPORTANT TERMINOLOGY/ CONCEPTS RELATED TO THE COURSE

1.1 National Skills Qualification Framework (NSQF): B. Voc. Programme has been designed as per National Skill Qualification Framework (NSQF) emphasizing on skill based education. The National Skills Qualification Framework organizes qualifications according to a series of levels of knowledge, skills and aptitudes. It is a nationally integrated education and competency based skill framework that will provide horizontal and vertical mobility within vocational programme. There are four levels of NSQF in the B.Voc. programme such as Level 4 is certificate, Level 5 is Diploma, Level 6 is Advanced Diploma and Level 7 is B.Voc. Degree. This will enable a person to acquire desired competency levels, transit to job market and an opportune time return for acquiring additional skills to further upgrade their competencies. The NSQF is anchored at the National Skill Development Agency (NSDA) and is being implemented through the National Skills Qualifications Committee (NSQC)

1.2 National Skill Development Corporation India (NSDC): NSDC was set up as part of a national skill development mission to fulfil the growing need in India for skilled manpower across sectors and narrow the existing gap between the demand and supply of skills. NSDC has various Sector Skill Councils

1.3 Sector Skill Council (SSC): One of the mandates of Sector Skill Councils is to develop National Occupational Standards (NOSs) for various job roles in their respective industries. SSC embeds the competencies required for specific job roles in the higher education system for creating employable graduates

1.4 ASCI: Agriculture Sector Council of India—widely known as Agriculture based Sector Skill Council. Its one of the main function is to assess the students as accordance with NSQF for Qualification Pack/National Occupational Standards .

1.5 National Occupational Standards (NOS): National Occupational Standards (NOS) are national standards that specify the standard of performance an individual must achieve when carrying out a function in the workplace, together with the knowledge and understanding they need to meet that standard consistently. Essentially NOS are benchmarks of good practice. National Occupational Standards (NOS) or Occupational Standards (OS) defines one key function in a job role. These Occupational Standards are combined to a set, which is called Qualification Pack (QP).

1.6 Qualification Pack (QP): Qualification Pack certifies a person for a specific job role. Each Qualification Pack also contains NSQF Level. These packs are marked with a NSQF level, such as level 4,5,6 and 7. The Qualification Packs help in both the creation of curriculum and assessments.

1.7 Skill Development Component: Skill component of the programme /course is employment oriented. The skilled development component curriculum is aligned to Qualification Packs (QPs) / National Occupational Standards (NOSs) of selected job role(s) within the industry sector(s) and it will enable the students to meet the learning outcomes specified in the NOSs.

Dr. Lavindra Goswami
J.O.D. & Assistant Professor
Department of Botany
Soh. G. B. Pader College Newalpath, Rajasthan

1.8 General Education Component: The general education component includes the course(s) which are supportive to core trade in addition to soft skills, IT skills, and language proficiency and literature. It emphasizes on holistic development.

1.9 Credit Based Semester System (CBSS): Under the CBSS, the requirement for awarding a degree or diploma or certificate is prescribed in terms of number of credits to be completed by the students.

1.10 Credit(C): A unit by which the course work is measured. It determines the number of hours of instructions required per week. One credit is equivalent to one hour of teaching (lecture or tutorial) or two hours of practical work/field work per week. Accordingly, one Credit would mean equivalent of 14-15 periods of 60 minutes each or 28 – 30 hrs of workshops / labs.

1.11 Grade Point (G): It is a numerical weight allotted to each letter grade on a 10 point scale.

1.12 Credit Point (CP): The numerical value obtained by multiplying the grade point (GP) by the no. of credit(C) of the respective course i.e. $CP = G \times C$.

1.13 Semester Grade point Average (SGPA): It is a measure of performance of work done in a semester. The SGPA is the ratio of sum of the product of the number of credits with the grade points scored by a student in all the course components taken by a student

and the sum of the number of credits of all the courses undergone by a student in a semester, *i.e.*

$$SGPA (S_i) = \frac{\sum(C_i \times G_i)}{\sum C_i}$$

where 'C_i' is the number of credits of the ith course component and 'G_i' is the grade point scored by the student in the ith course component.

1.14 Cumulative Grade Point Average (CGPA): It is a measure of overall cumulative performance of a student over all semesters. The CGPA is also calculated in the same manner taking into account all the courses undergone by a student over all the semesters of a programme, *i.e.*

$$CGPA = \frac{\sum(C_i \times S_i)}{\sum C_i}$$

where 'S_i' is the SGPA of the 'i'th semester and C_i is the total number of credits in that semester. The SGPA and CGPA shall be rounded off to 2 decimal points and reported in the transcripts.

1.15 Letter Grade: It is an index of the performance of students in a said course. Grades are denoted by letters O, A+, A, B+, B, C, P, F and Ab

2. LEVELS OF AWARD

The certification levels shall lead to Diploma/Advanced Diploma/B.Voc. Degree in Dairy Technology

AWARD	DURATION	Core Level corresponding NSQF Level
CERTIFICATE	6 MONTHS	4
DIPLOMA	1 YEAR	5
ADVANCED DIPLOMA	2 YEAR	6
B. VOC. DEGREE	3 YEAR	7

3. NSQF LEVELS:

NSQF LEVEL	SKILL COMPONENT CREDITS	GENERAL EDUCATION CREDITS	NORMAL CALENDAR DURATION	EXIT /AWARDS POINT
Year 1	36	24	Two Semesters	Diploma
Year 2	36	24	Two Semesters	Advanced Diploma
Year 3	36	24	Two Semesters	Degree
Total	108	72	Six Semester	

Dr. Anura Goswami
Assistant Professor
Department of Dairy
Technology
College of Dairy Technology

4. **GUIDELINES FOR CREDIT CALCULATIONS:** The following formula should be used for conversion of time into credit hours.
- I. One Credit would mean equivalent of 15 periods of 60 minutes each for theory, workshops/ labs and tutorials.
 - II. For internship/field work, the credit weightage for equivalent hours shall be 50% of that for lectures/workshops.
 - III. For self-learning, based on e-content or otherwise, the credit weightage for equivalent hours of study should be 50% or less of that for lectures/workshops.

5. **ELIGIBILITY FOR ADMISSION IN B.VOC.**

A candidate will be eligible to join 1st semester of B.Voc Dairy Technology course, if he/she has passed 10+2 examination (any stream/ Arts/Science/Commerce) or 10+2 vocational stream related to Dairy Technology of recognized Board/ university or any other examination recognized as equivalent thereto without reappear.

5.1 The course of study of B.Voc. shall be divided in to six semesters and university examination will be held at the end of every semester in the months of November/December (for semester I, III & V) and May/June (for semester II, IV & VI) or as fixed by the Vice Chancellor.

5.2 Semester examination will be open to regular candidates who have been on the rolls of a college affiliated to this University and meet the attendance and other requirements. Subject to fulfillment of requirement of House examinations, the attendance requirement and these ordinances there will be no condition of passing papers for promotion from odd semester to even semester in an Academic Session.

5.3 To qualify for admission to 3rd semester of the Course, the candidate must have passed 50% of total papers of the two semesters of the 1st year. In case, the result of 2nd Semester is not declared at the time of admission to 3rd Semester, the student may be admitted provisionally and will be allowed to take examination of 3rd semester if he/she has passed in 50 % of the total papers of first year (i.e. 1st and 2nd Semesters). Similarly, to qualify for admission to 5th semester of the course, the student may be admitted provisionally if the result of previous semester has not been declared and will be allowed to take examination of 5th semester, if he/she has passed 50% of the total papers of previous semesters.

5.4 A candidate placed under reappear in any paper, will be allowed two chances to clear the reappear, which should be availed within consecutive two years/chances i.e. to pass in a paper the candidate will have a total of three chances, one as regular student and two as reappear candidate. The examination of reappear papers of odd semesters will be held with regular examination of the odd semester and reappear examination of the even semester will be held with regular examination of even semester. But if a candidate is placed under reappear in the last semester of the course, he will be provided chance to pass the reappear with the examination of the next semester, provided his reappear of lower semester does not go beyond next semester.

6. **ACADEMIC EQUIVALENCE:**

6.1. Bachelor of Vocation (B. Voc.), a Bachelor level degree specified by UGC under section 22(3) of UGC Act, 1956 and notified in official Gazette of India dated 19th January, 2013 is recognized at par with the other Bachelor level degrees for competitive exams conducted by Union/State Public Service Commission, Staff Selection Commission or other such bodies where the eligibility criteria is "Bachelor Degree in any discipline".

6.2. Students with B.Voc. Degree are considered eligible for the trans-disciplinary vertical mobility into such courses where entry qualification is a Bachelor Degree without specific requirement in a particular discipline.

Dr. Ravindra Goswami
H.O.D. & Assistant Professor
Department of Botany
Geth G. B. Poddar College Newalgaoh, Rajasthan

6.3. Students qualifying B.Voc. in Dairy Technology can take admission in M.Sc.(Food Technology/Dairy Technology/Microbial Food Technology etc.)

7. ATTENDANCE AND UNIVERSITY EXAMINATION SYSTEM

7.1 Every candidate will be required to attend a minimum of 75% lectures delivered to that class in each paper as well as 75% of the laboratory work, seminars etc. separately. Provided that a deficiency in attendance may be condoned for special reasons as per the relevant ordinances on the subject.

7.2 To be eligible to appear in the semester examination, a candidate must have obtained in the house examination at least 25% marks in each paper, 25% marks in the aggregate of all subjects of the semester. The Principal at his discretion may allow a special test to a candidate who could not appear in the House examination owing to unavoidable reason, or fails to secure the minimum marks as prescribed above.

7.3 Amount of examination fee to be paid by a candidate for each semester will be as fixed by the University from time to time.

7.4. Applications for admission to the examination will be made on the prescribed form attested by the competent authority as per University rules.

7.5. The Candidate will also be entitled to grace marks as admissible under the ordinances, relating to the '**Grace Marks.**'

7.6. The minimum number of marks required to pass the examination in each Part shall be 35% in each subject of theory paper, practical examination and internal assessment separately.

7.7 Except Qualification pack/Skill Component other papers shall be taken by university. Result of skill component shall be communicated by respective college after evaluation by respective sector skill councils to university in time for final awarding Diploma/Advance Diploma/Degree.

8. INTERNAL ASSESSMENT AND ITS COMPONENTS:

Internal assessment, in each subject, shall be 20% of the total marks in each paper and shall be uniformly applicable to all the Subjects/Papers. The four Components for Internal Assessment shall be as follows (to be divided equally, as per the credit of the paper):

(i)	Attendance: The students with 85%-100% attendance will be given full attendance marks. Whereas students with 80%-84.9% attendance shall be given 80% marks of attendance and students with 75%-80% shall get 60% of attendance marks.	20%	% of the Total Marks of the internal Assessment
(ii)	Written Assignment/Project :	40%	
(iii)	Two Mid-Semester Tests/Internal Examination (Average of both Mid-Semester Tests/Internal Examination)	40%	

(c) In each Theory Paper 20% of the total marks are assigned to the internal assessment and 80% marks

to the University examination.

The **medium of instruction** and examination will be English/Hindi except for the language subjects

Dr. Ravindra Goswami
M.D. & Assistant Professor
Department of Botany
Govt. B. Pader College, Nawalgarh, Rajasthan

whose medium of instruction and examination will be that of the language subject.

9. A CANDIDATE WILL BE ALLOWED TO JOIN:

- (i) First Semester: Provided that he/she has qualified 10+2 examination or equivalent without reappear.
- (ii) Second Semester: Provided that he/she has undergone a regular course of studies of first semester.
- (iii) Third Semester: Provided that he/she has undergone a regular course of studies of First and Second semesters as provided under the regulations in sequential order and fulfils the conditions as laid in ordinance 5(a) & 5(b).
- (iv) Fourth Semester: Provided that he/she has undergone a regular course of studies of First, Second and Third semesters as provided under the regulations in sequential order and has passed the First Semester Examination as a whole, and fulfils the conditions as laid in ordinance 5(a) & 5(b).
- (v) Fifth Semester: Provided that he/she has undergone a regular course of studies of First, Second, Third and Fourth semesters as provided under the regulations in sequential order and fulfils the conditions as laid in ordinance 5(a) & 5(b).
- (vi) Sixth Semester: Provided that he/she has undergone a regular course of studies of First, Second, Third, Fourth and Fifth semesters as provided under the regulations in sequential order and has passed 50 % of the total papers of previous semesters and fulfils the other conditions as laid in ordinances.

*Evaluation of third year (fifth and sixth semester) shall be conducted only on the basis of general component part as there are no qualification packs for third year available till date.

10. Three weeks after the termination of examination or as soon as thereafter possible, the Registrar will publish the result of the candidates. Each candidate shall receive a certificate indicating details of marks obtained in each examination.

11. **GRADES AND GRADE POINTS** The Successful candidates shall be classified on the basis of 10-point grade following letter grades

Letter Grade	Grade Points
O (Outstanding) 10	10
A+ (Excellent) 9	9
A (Very Good) 8	8
B+ (Good) 7	7
B (Above Average) 6	6
C (Average) 5	5
P (Pass) 4	4
F (Fail) 0	0

- 12 A candidate who has passed B.Voc. examination from this University shall have one chance within a period of two years after passing the examination to improve division or 55% marks. Improvement shall be allowed in not more than three theory papers offered in each semester. However, previous marks of Practical/Project will be carried forward in the paper(s) in which he/she appears for improvement and be awarded one percent of grace marks on the basis of given papers, out of the papers taken up, the candidate will be given benefit of increase in marks, where the marks have increased in paper/papers.

13. Re-evaluation of scripts shall be admissible in B.Voc.. Examination Semester I, II, III, IV, V, VI examination except practical examination. The re evaluation shall be allowed in not more than two theory papers provided candidate has scored not less than 25% marks in the relevant paper. The candidate shall

Dr. Savindra Goswami
D.O. & Assistant Professor
Department of Botany
M. J. Somaiya College, Marolgia, Rajasthan

submit his/her application on specified form along with prescribed fee, for re-evaluation within 14 days from the date of declaration of the result.

14. **DISTRIBUTION OF MARKS FOR PRACTICALS** : Each practical paper consists of 45 marks in each semester .It includes: 25 marks for Performance ; 10 marks for write-up ;10 marks for file and viva voce
15. **Industrial Visit is mandatory** as part of the curriculum with the submission of report to Head of the department .Total marks assigned are 20. Evaluation criteria will include 10 marks for report ;5 marks for presentation; 5 marks for viva voce
16. **COMPULSORY TRAINING:** Training of one month in relevant sector for completion of Diploma and 1and half month for completion of advance Diploma is mandatory. Report based on satisfactory/unsatisfactory shall be sent by Head of the Department countersigned by Principal.
17. **INDUSTRIAL/INSTITUTIONAL PROJECT** A candidate shall have to undertake an Industrial/Institutional Project in Final year (6thSemester). The project report shall be presented in front of external examiner, Supervisor & two faculty members (nominated by the principal). The report must be signed by concerned authority. Project work will be of 200 marks based on three categories: 100 marks Performance and Practical ; 50 marks Project Report; 50 marks Viva Voce

परामर्श केन्द्र खोलने के उद्देश्य

पोदार कॉलेज प्रबन्धन ने विद्यार्थियों के मार्ग दर्शन हेतु परामर्श केन्द्र का विधिवत उद्घाटन किया । जिसमें विषय विशेषज्ञों को नियुक्त कर विद्यार्थियों की अनेक शंकाओं का निवारण करने का उद्देश्य रखा गया । कॉलेज में प्रवेश प्राप्त करने वाले विद्यार्थियों को एक ही स्थान पर सम्पूर्ण जानकारी प्राप्त हो सके यही परामर्श केन्द्र का उद्देश्य रखा गया ।

परामर्श केन्द्र के माध्यम से पोदार महाविद्यालय प्रांगण एवं उससे सम्बन्धित जानकारी भी आगन्तुक अतिथियों और विद्यार्थियों को प्राप्त हो सके। परामर्श केन्द्र में पोदार शिक्षण संस्थाओं की सम्पूर्ण जानकारी व उसके प्रवेश प्रक्रिया को भी सहजता से विद्यार्थियों को समझना भी उद्देश्य रहा है।

कॉलेज की प्रयोगशालाएँ, सुविधाएँ एवं अन्य जानकारी के लिए आगन्तुक विद्यार्थियों को विजिट कराने का उद्देश्य भी है जिससे विद्यार्थी संस्था के प्रति आश्वस्त होकर प्रवेश लेकर अध्ययन कर सके।

Webinar Report

Date	:	05 th February 2021
Time	:	02:00 onwards
Webinar on	:	Google Meet App
Title	:	Education & Career Guidance
Key Note Speaker	:	Dr. J. P. Karwasara
Attended by	:	PIMS Faculty Members, BBA and BCA Students
Distribution	:	IQAC & Principal Office.

“Education & Career Guidance”

At beginning of the session, Prof. Rakesh Kumar (HoD, BCA) welcomed Dr. Karwasara for their scheduled lecture on “Education & Career Guidance”.

Our today’s webinar resource person **Dr. J. P. Karwasara** started his lecture by explaining “the value of education” in present scenario as well as “how proper guidance is required while choosing career options after (10+2).” Education is the process of facilitating learning, or the acquisition of

knowledge, skills, values, morals, beliefs, and habits. Educational methods include teaching, training, storytelling, discussion and directed research. Education frequently takes place under the guidance of educators; however learners can also educate themselves. Education can take place in formal or informal settings and any experience that has a formative effect on the way one thinks, feels, or acts may be considered educational.

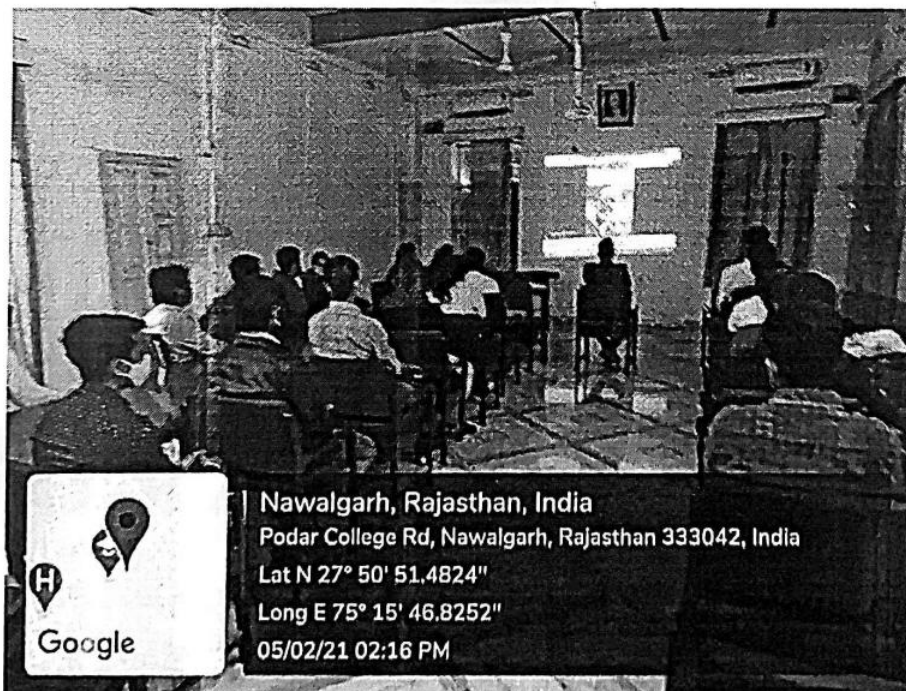

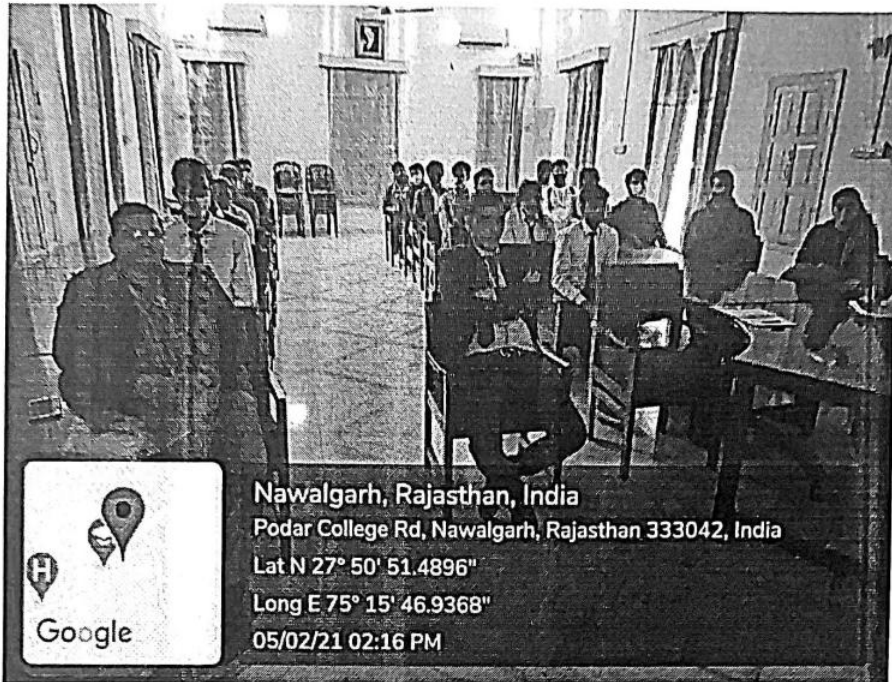

He has described the importance of getting good education and how it helps in making students future. As he asked students to have futuristic approach and keep going with what they would like to pursue as their career. Explaining through various examples from Bhagwat Geeta, Ramayana and his own personal experience, Dr. Karwasara asked students to work hard and have a dream, where students can work upon.

At the end of the session, Dr. Harshit Sharma (Assistant Professor) thanked Dr. Karwasara for presenting a very fruitful and valuable session to the students of PIMS department.

Report of Expert Lecture Conducted

Date	:	13 th March 2021
Time	:	01:00 PM onwards
Place	:	PIMS, Room No. 41
Resource Person	:	Mr. Hitesh Sharma working with TCS Ahmadabad
Organized by	:	PIMS Faculty
Present	:	Prof. Rakesh Kumar, Dr. Harshit Sharma, Prof. Madhu Saini, Prof. Anil Kumar Chotiya, Prof. Jyoti Khandelwal,
Participants	:	Students of BCA and BBA
Distribution	:	IQAC & Principal Office

Expert Lecture on “Career Counseling”

The objective of this guest lecture is to create awareness among the outgoing students on the steps for success in interviews. The Program was started with invocation followed by brief introduction about the resource person. The session started with the key points for preparation to a successful interview and practice. The suggestions given during lecture sessions are as follows:

- 1. Self-Evaluation**
- 2. Before the Interview**
 - a. Research the company
 - b. Practice interviews
 - c. Dress professionally
 - d. Arrive early
- 3. During the Interview**
 - a. First impressions (only in 30 seconds)

Principal

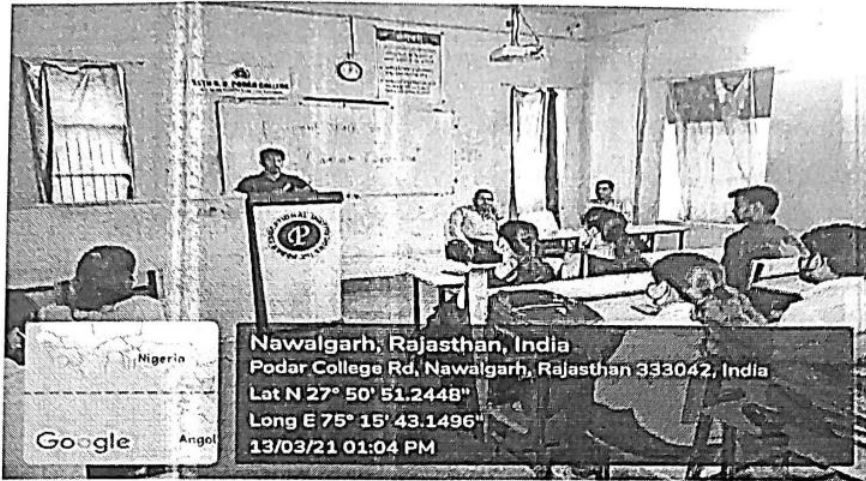

Seth G.B. Podar College
Nawalgarh - 333042

- b. Smile
 - c. Body Language
 - d. Speak clearly
 - e. Listen before answering
 - f. Give brief answers
 - g. Previous employers
 - h. Be truthful
 - i. Know your resume
 - j. Keep things at a professional level
4. After the Interview
- a. Back in touch
 - b. Get everyone's business card
 - c. Thank the interviewer

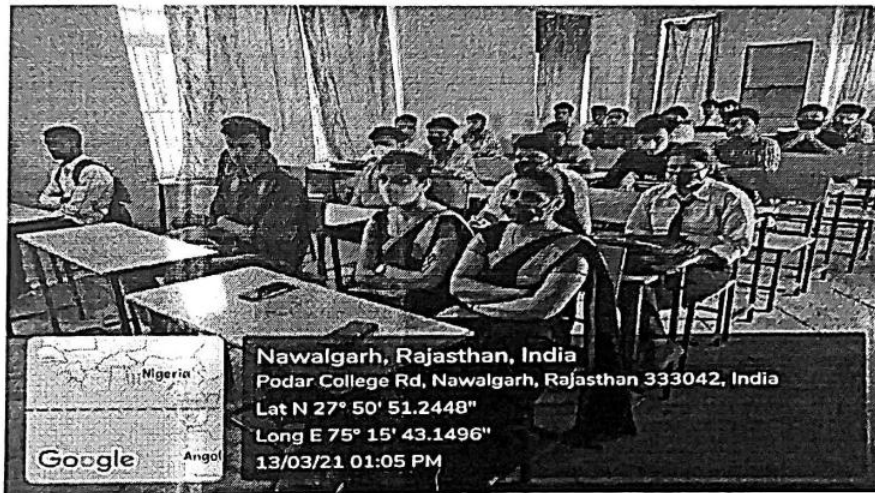

After this session guidance has been given for **Group Discussion**. The students have shown their interest in interacting with the resource person regarding the common interview questions and positive and negative point in G.D. The lecture sessions were very informative and highly interactive for our final year students. At the end, feedback was taken and the session ended up with vote of thanks delivered by Dr. Harshit Sharma.
