## CERTIFICATE OF EXPERIENTIAL LEARNING DEPARTMENT OF PHYSICS

This certificate is awarded to

Student Name - Abhishek Saini

in recognition of successful completion of the B.Sc. Part II Physics laboratory course

Date - 04/02/2023

This course covered the following areas of practical Physics:

- **Wave analysis:** propagation, reflection, and measurement.
- **Fundamental property measurement:** using various tools and techniques.
- **Thermodynamics & thermal properties:** conducting experiments and analyzing results.
- **Temperature relationships:** in thermal radiation and power supply performance.

Abhishek Saini has demonstrated proficiency in the knowledge and skills outlined above, successfully completing the practical components of the program.

## CERTIFICATE OF EXPERIENTIAL LEARNING DEPARTMENT OF PHYSICS

This certificate is awarded to

Student Name - Pankaj Kumar

in recognition of successful completion of the B.Sc. Part II Physics laboratory course

Date - 04/02/2023

This course covered the following areas of practical Physics:

- **Wave analysis:** propagation, reflection, and measurement.
- **Fundamental property measurement:** using various tools and techniques.
- **Thermodynamics & thermal properties:** conducting experiments and analyzing results.
- **Temperature relationships:** in thermal radiation and power supply performance.

Pankaj Kumar has demonstrated proficiency in the knowledge and skills outlined above, successfully completing the practical components of the program.

## CERTIFICATE OF EXPERIENTIAL LEARNING DEPARTMENT OF PHYSICS

This certificate is awarded to

Student Name - Sumit Kumar

in recognition of successful completion of the B.Sc. Part II Physics laboratory course

Date - 04/02/2023

This course covered the following areas of practical Physics:

- **Wave analysis:** propagation, reflection, and measurement.
- **Fundamental property measurement:** using various tools and techniques.
- **Thermodynamics & thermal properties:** conducting experiments and analyzing results.
- **Temperature relationships:** in thermal radiation and power supply performance.

Sumit Kumar has demonstrated proficiency in the knowledge and skills outlined above, successfully completing the practical components of the program.

## CERTIFICATE OF EXPERIENTIAL LEARNING DEPARTMENT OF PHYSICS

This certificate is awarded to

Student Name - Sunil Kumar

in recognition of successful completion of the B.Sc. Part II Physics laboratory course

Date - 04/02/2023

This course covered the following areas of practical Physics:

- **Wave analysis:** propagation, reflection, and measurement.
- **Fundamental property measurement:** using various tools and techniques.
- **Thermodynamics & thermal properties:** conducting experiments and analyzing results.
- **Temperature relationships:** in thermal radiation and power supply performance.

Sunil Kumar has demonstrated proficiency in the knowledge and skills outlined above, successfully completing the practical components of the program.

## CERTIFICATE OF EXPERIENTIAL LEARNING DEPARTMENT OF PHYSICS

This certificate is awarded to

Student Name - Sunil Kumar Saini

in recognition of successful completion of the B.Sc. Part II Physics laboratory course

Date - 04/02/2023

This course covered the following areas of practical Physics:

- **Wave analysis:** propagation, reflection, and measurement.
- **Fundamental property measurement:** using various tools and techniques.
- **Thermodynamics & thermal properties:** conducting experiments and analyzing results.
- **Temperature relationships:** in thermal radiation and power supply performance.

Sunil Kumar Saini has demonstrated proficiency in the knowledge and skills outlined above, successfully completing the practical components of the program.

## CERTIFICATE OF EXPERIENTIAL LEARNING DEPARTMENT OF PHYSICS

This certificate is awarded to

Student Name - Umesh Dangi

in recognition of successful completion of the B.Sc. Part II Physics laboratory course

Date - 04/02/2023

This course covered the following areas of practical Physics:

- **Wave analysis:** propagation, reflection, and measurement.
- **Fundamental property measurement:** using various tools and techniques.
- **Thermodynamics & thermal properties:** conducting experiments and analyzing results.
- **Temperature relationships:** in thermal radiation and power supply performance.
