

SETH GYANIRAM BANSIDHAR PODAR COLLEGE

Recognition of college under Section 2(f)/12(B), UGC Act, 1956
Affiliated to Pandit Deendayal Upadhyaya Shekhawati University, Sikar

CERTIFICATE OF EXPERIENTIAL LEARNING

DEPARTMENT OF GEOGRAPHY

This certificate is awarded to

Student Name - Ankit Mahich

in recognition of successful completion of the M.A. (Previous) Geography Laboratory course

Date - 27 Feb, 2023

This course has provided you with a strong foundation in the theoretical and practical aspects of geographical analysis. You have gained valuable knowledge and skills in:

Cartographic Principles

- 1. Fundamentals: Learn mapmaking principles and techniques, Interpret geological & weather information & Perform map scaling**
- 2. Map Projections: Analyze & apply different projections**
- 3. Data Analysis: Represent & analyze geographical data**
- 4. Thematic Mapping: Create & interpret various thematic maps**
- 5. Data Visualization: Construct & interpret graphs & diagrams**
- 6. Research Project: Conduct village study using cartographic methods & Prepare a project report.**

Ankit Mahich has consistently demonstrated a strong understanding of geographical concepts, proficiency in practical skills relevant to cartography, data analysis, and spatial visualization, and the ability to effectively communicate geographical information through various methods.

CERTIFICATE OF EXPERIENTIAL LEARNING

DEPARTMENT OF GEOGRAPHY

This certificate is awarded to

Student Name - Babita Ola

in recognition of successful completion of the M.A. (Previous) Geography Laboratory course

Date - 27 Feb, 2023

This course has provided you with a strong foundation in the theoretical and practical aspects of geographical analysis. You have gained valuable knowledge and skills in:

Cartographic Principles

1. **Fundamentals:** Learn mapmaking principles and techniques, Interpret geological & weather information & Perform map scaling
2. **Map Projections:** Analyze & apply different projections
3. **Data Analysis:** Represent & analyze geographical data
4. **Thematic Mapping:** Create & interpret various thematic maps
5. **Data Visualization:** Construct & interpret graphs & diagrams
6. **Research Project:** Conduct village study using cartographic methods & Prepare a project report.

Babita Ola has consistently demonstrated a strong understanding of geographical concepts, proficiency in practical skills relevant to cartography, data analysis, and spatial visualization, and the ability to effectively communicate geographical information through various methods.

CERTIFICATE OF EXPERIENTIAL LEARNING

DEPARTMENT OF GEOGRAPHY

This certificate is awarded to

Student Name - Devendra Kumar

in recognition of successful completion of the M.A. (Previous) Geography Laboratory course

Date - 27 Feb, 2023

This course has provided you with a strong foundation in the theoretical and practical aspects of geographical analysis. You have gained valuable knowledge and skills in:

Cartographic Principles

1. **Fundamentals:** Learn mapmaking principles and techniques, Interpret geological & weather information & Perform map scaling
2. **Map Projections:** Analyze & apply different projections
3. **Data Analysis:** Represent & analyze geographical data
4. **Thematic Mapping:** Create & interpret various thematic maps
5. **Data Visualization:** Construct & interpret graphs & diagrams
6. **Research Project:** Conduct village study using cartographic methods & Prepare a project report.

Devendra Kumar has consistently demonstrated a strong understanding of geographical concepts, proficiency in practical skills relevant to cartography, data analysis, and spatial visualization, and the ability to effectively communicate geographical information through various methods.

CERTIFICATE OF EXPERIENTIAL LEARNING

DEPARTMENT OF GEOGRAPHY

This certificate is awarded to

Student Name - Himanshu Soni

in recognition of successful completion of the M.A. (Previous) Geography Laboratory course

Date - 27 Feb, 2023

This course has provided you with a strong foundation in the theoretical and practical aspects of geographical analysis. You have gained valuable knowledge and skills in:

Cartographic Principles

1. **Fundamentals:** Learn mapmaking principles and techniques, Interpret geological & weather information & Perform map scaling
2. **Map Projections:** Analyze & apply different projections
3. **Data Analysis:** Represent & analyze geographical data
4. **Thematic Mapping:** Create & interpret various thematic maps
5. **Data Visualization:** Construct & interpret graphs & diagrams
6. **Research Project:** Conduct village study using cartographic methods & Prepare a project report.

Himanshu Soni has consistently demonstrated a strong understanding of geographical concepts, proficiency in practical skills relevant to cartography, data analysis, and spatial visualization, and the ability to effectively communicate geographical information through various methods.

CERTIFICATE OF EXPERIENTIAL LEARNING

DEPARTMENT OF GEOGRAPHY

This certificate is awarded to

Student Name - Mandeep

in recognition of successful completion of the M.A. (Previous) Geography Laboratory course

Date - 27 Feb, 2023

This course has provided you with a strong foundation in the theoretical and practical aspects of geographical analysis. You have gained valuable knowledge and skills in:

Cartographic Principles

1. **Fundamentals:** Learn mapmaking principles and techniques, Interpret geological & weather information & Perform map scaling
2. **Map Projections:** Analyze & apply different projections
3. **Data Analysis:** Represent & analyze geographical data
4. **Thematic Mapping:** Create & interpret various thematic maps
5. **Data Visualization:** Construct & interpret graphs & diagrams
6. **Research Project:** Conduct village study using cartographic methods & Prepare a project report.

Mandeep has consistently demonstrated a strong understanding of geographical concepts, proficiency in practical skills relevant to cartography, data analysis, and spatial visualization, and the ability to effectively communicate geographical information through various methods.

CERTIFICATE OF EXPERIENTIAL LEARNING

DEPARTMENT OF GEOGRAPHY

This certificate is awarded to

Student Name - Ravina Jhajhariya

in recognition of successful completion of the M.A. (Previous) Geography Laboratory course

Date - 27 Feb, 2023

This course has provided you with a strong foundation in the theoretical and practical aspects of geographical analysis. You have gained valuable knowledge and skills in:

Cartographic Principles

1. **Fundamentals:** Learn mapmaking principles and techniques, Interpret geological & weather information & Perform map scaling
2. **Map Projections:** Analyze & apply different projections
3. **Data Analysis:** Represent & analyze geographical data
4. **Thematic Mapping:** Create & interpret various thematic maps
5. **Data Visualization:** Construct & interpret graphs & diagrams
6. **Research Project:** Conduct village study using cartographic methods & Prepare a project report.

Ravina Jhajhariya has consistently demonstrated a strong understanding of geographical concepts, proficiency in practical skills relevant to cartography, data analysis, and spatial visualization, and the ability to effectively communicate geographical information through various methods.
