

# SETH GYANIRAM BANSIDHAR PODAR COLLEGE

Recognition of college under Section 2(f)/12(B), UGC Act, 1956  
Affiliated to Pandit Deendayal Upadhyaya Shekhawati University, Sikar

## CERTIFICATE FOR EXPERIENTIAL LEARNING DEPARTMENT OF BOTANY

**This certificate is awarded to**

**Student Name = Anup Kumawat**

**in recognition of successful completion of the M.Sc. (Final) Botany Laboratory course**

**Date = 14 Feb, 2023**

**This course has provided you with extensive knowledge and practical skills in various areas of plant biology, including:**

- **Cell and Molecular Biology Techniques**
- **Cytological Techniques**
- **Plant Genetics and Cytogenetics**
- **Plant Mutation and DNA Analysis**
- **Plant Diversity and Systematics**
- **Plant Pathology**
- **Plant Physiology and Biochemistry.**

**Through this program, you have demonstrated:**

**Proficiency in various practical techniques crucial for plant biology research.**

**A strong understanding of fundamental concepts in cell and molecular biology, cytology, genetics, and physiology.**

**The ability to analyze and interpret experimental data to draw meaningful conclusions.**

**Signature of Instructor**

**Dr. Ravindra Goswami**

**Head of Department**

# SETH GYANIRAM BANSIDHAR PODAR COLLEGE

Recognition of college under Section 2(f)/12(B), UGC Act, 1956  
Affiliated to Pandit Deendayal Upadhyaya Shekhawati University, Sikar

## CERTIFICATE FOR EXPERIENTIAL LEARNING DEPARTMENT OF BOTANY

This certificate is awarded to

Student Name = **Karena**

in recognition of successful completion of the M.Sc. (Final) Botany Laboratory course

Date = **14 Feb, 2023**

This course has provided you with extensive knowledge and practical skills in various areas of plant biology, including:

- Cell and Molecular Biology Techniques
- Cytological Techniques
- Plant Genetics and Cytogenetics
- Plant Mutation and DNA Analysis
- Plant Diversity and Systematics
- Plant Pathology
- Plant Physiology and Biochemistry.

Through this program, you have demonstrated:

Proficiency in various practical techniques crucial for plant biology research.

A strong understanding of fundamental concepts in cell and molecular biology, cytology, genetics, and physiology.

The ability to analyze and interpret experimental data to draw meaningful conclusions.

Signature of Instructor

**Dr. Ravindra Goswami**

**Head of Department**

Recognition of college under Section 2(f)/12(B), UGC Act, 1956  
Affiliated to Pandit Deendayal Upadhyaya Shekhawati University, Sikar

## CERTIFICATE FOR EXPERIENTIAL LEARNING DEPARTMENT OF BOTANY

**This certificate is awarded to**

**Student Name = Krishana Saini**

**in recognition of successful completion of the M.Sc. (Final) Botany Laboratory course**

**Date = 14 Feb, 2023**

**This course has provided you with extensive knowledge and practical skills in various areas of plant biology, including:**

- **Cell and Molecular Biology Techniques**
- **Cytological Techniques**
- **Plant Genetics and Cytogenetics**
- **Plant Mutation and DNA Analysis**
- **Plant Diversity and Systematics**
- **Plant Pathology**
- **Plant Physiology and Biochemistry.**

**Through this program, you have demonstrated:**

**Proficiency in various practical techniques crucial for plant biology research.**

**A strong understanding of fundamental concepts in cell and molecular biology, cytology, genetics, and physiology.**

**The ability to analyze and interpret experimental data to draw meaningful conclusions.**

**Signature of Instructor**

**Dr. Ravindra Goswami**

**Head of Department**

Recognition of college under Section 2(f)/12(B), UGC Act, 1956  
Affiliated to Pandit Deendayal Upadhyaya Shekhawati University, Sikar

## CERTIFICATE FOR EXPERIENTIAL LEARNING DEPARTMENT OF BOTANY

This certificate is awarded to

**Student Name = Manisha Kumari**

**in recognition of successful completion of the M.Sc. (Final) Botany Laboratory course**

**Date = 14 Feb, 2023**

This course has provided you with extensive knowledge and practical skills in various areas of plant biology, including:

- Cell and Molecular Biology Techniques
- Cytological Techniques
- Plant Genetics and Cytogenetics
- Plant Mutation and DNA Analysis
- Plant Diversity and Systematics
- Plant Pathology
- Plant Physiology and Biochemistry.

Through this program, you have demonstrated:

Proficiency in various practical techniques crucial for plant biology research.

A strong understanding of fundamental concepts in cell and molecular biology, cytology, genetics, and physiology.

The ability to analyze and interpret experimental data to draw meaningful conclusions.

Signature of Instructor

**Dr. Ravindra Goswami**

Affiliated to Pandit Deendayal Upadhyaya Shekhawati University, Sikar

## CERTIFICATE FOR EXPERIENTIAL LEARNING DEPARTMENT OF BOTANY

This certificate is awarded to

**Student Name = Monika Kumari**

**in recognition of successful completion of the M.Sc. (Final) Botany Laboratory course**

**Date = 14 Feb, 2023**

This course has provided you with extensive knowledge and practical skills in various areas of plant biology, including:

- Cell and Molecular Biology Techniques
- Cytological Techniques
- Plant Genetics and Cytogenetics
- Plant Mutation and DNA Analysis
- Plant Diversity and Systematics
- Plant Pathology
- Plant Physiology and Biochemistry.

Through this program, you have demonstrated:

**Proficiency in various practical techniques crucial for plant biology research.**

**A strong understanding of fundamental concepts in cell and molecular biology, cytology, genetics, and physiology.**

**The ability to analyze and interpret experimental data to draw meaningful conclusions.**

**Signature of Instructor**

## CERTIFICATE FOR EXPERIENTIAL LEARNING DEPARTMENT OF BOTANY

This certificate is awarded to

**Student Name = Ms.Anju Kumari**

**in recognition of successful completion of the M.Sc. (Final) Botany Laboratory course**

**Date = 14 Feb, 2023**

This course has provided you with extensive knowledge and practical skills in various areas of plant biology, including:

- Cell and Molecular Biology Techniques
- Cytological Techniques
- Plant Genetics and Cytogenetics
- Plant Mutation and DNA Analysis
- Plant Diversity and Systematics
- Plant Pathology
- Plant Physiology and Biochemistry.

Through this program, you have demonstrated:

**Proficiency in various practical techniques crucial for plant biology research.**

**A strong understanding of fundamental concepts in cell and molecular biology, cytology, genetics, and physiology.**

**The ability to analyze and interpret experimental data to draw meaningful conclusions.**

## CERTIFICATE FOR EXPERIENTIAL LEARNING DEPARTMENT OF BOTANY

This certificate is awarded to

**Student Name = Nikita Kumari**

**in recognition of successful completion of the M.Sc. (Final) Botany Laboratory course**

**Date = 14 Feb, 2023**

This course has provided you with extensive knowledge and practical skills in various areas of plant biology, including:

- Cell and Molecular Biology Techniques
- Cytological Techniques
- Plant Genetics and Cytogenetics
- Plant Mutation and DNA Analysis
- Plant Diversity and Systematics
- Plant Pathology
- Plant Physiology and Biochemistry.

Through this program, you have demonstrated:

**Proficiency in various practical techniques crucial for plant biology research.**

## CERTIFICATE FOR EXPERIENTIAL LEARNING DEPARTMENT OF BOTANY

This certificate is awarded to

Student Name = **Pallavi Jangir**

in recognition of successful completion of the M.Sc. (Final) Botany Laboratory course

Date = **14 Feb, 2023**

This course has provided you with extensive knowledge and practical skills in various areas of plant biology, including:

- Cell and Molecular Biology Techniques
- Cytological Techniques
- Plant Genetics and Cytogenetics
- Plant Mutation and DNA Analysis
- Plant Diversity and Systematics
- Plant Pathology
- Plant Physiology and Biochemistry.

Through this program, you have demonstrated:

Proficiency in various practical techniques crucial for plant biology research.

A strong understanding of fundamental concepts in cell and molecular biology, cytology, genetics, and physiology.

The ability to analyze and interpret experimental data to draw meaningful conclusions.

## CERTIFICATE FOR EXPERIENTIAL LEARNING DEPARTMENT OF BOTANY

This certificate is awarded to

**Student Name = Prateek Suresh Jadhav**

**in recognition of successful completion of the M.Sc. (Final) Botany Laboratory course**

**Date = 14 Feb, 2023**

This course has provided you with extensive knowledge and practical skills in various areas of plant biology, including:

- Cell and Molecular Biology Techniques
- Cytological Techniques
- Plant Genetics and Cytogenetics
- Plant Mutation and DNA Analysis
- Plant Diversity and Systematics
- Plant Pathology
- Plant Physiology and Biochemistry.

Through this program, you have demonstrated:

Proficiency in various practical techniques crucial for plant biology research.

A strong understanding of fundamental concepts in cell and molecular biology, cytology, genetics, and physiology.

The ability to analyze and interpret experimental data to draw meaningful conclusions.

## CERTIFICATE FOR EXPERIENTIAL LEARNING DEPARTMENT OF BOTANY

This certificate is awarded to

**Student Name = Priyanka Kumari**

**in recognition of successful completion of the M.Sc. (Final) Botany Laboratory course**

**Date = 14 Feb, 2023**

This course has provided you with extensive knowledge and practical skills in various areas of plant biology, including:

- Cell and Molecular Biology Techniques
- Cytological Techniques
- Plant Genetics and Cytogenetics
- Plant Mutation and DNA Analysis
- Plant Diversity and Systematics
- Plant Pathology
- Plant Physiology and Biochemistry.

Through this program, you have demonstrated:

**Proficiency in various practical techniques crucial for plant biology research.**

**A strong understanding of fundamental concepts in cell and molecular biology, cytology, genetics, and physiology.**

**The ability to analyze and interpret experimental data to draw meaningful conclusions.**
