Details of Expenditure on IT facilities

Seth Gyaniram Bansidhar Podar College maintains robust Information and Communications Technology (ICT) facilities crucial for both academic and administrative operations. The college consistently updates and modernizes its IT infrastructure to meet evolving educational needs. This progression is evident in the transition from traditional blackboards to contemporary teaching aids: from blackboards to green boards, then to whiteboards, followed by LCD projectors, and finally culminating in the implementation of smart boards. Currently, the college boasts twelve ICT-enabled classrooms and three state-of-the-art smart classrooms.

To ensure seamless connectivity, the college leverages a robust network infrastructure with two high-speed Wi-Fi connections: a 300 Mbps connection from BSNL and another 300 Mbps connection from Airtel, providing ample bandwidth for students and faculty.
